

July 14, 2020

Dear Friends and Supporters of COPE,

We hope you are well and safe during this difficult time. We at COPE, always remain deeply appreciative of your partnership and support in our work.

I am writing with an update on a change in COPE leadership. Effective June 25, the board asked Ms. Hannah Sehn to step into the role of Acting Executive Director overseeing our programs and working with them as we reinforce our commitment to our mission. COPE is dedicated to being led by the community and collaborating closely with our partners, including community members, programs, and health care teams on Navajo Nation.

We are looking forward to continuing to work with you all and are profoundly grateful for your support and collaboration during these unprecedented times.

Ahéhee',
Dr. Susie John
Chair, COPE Board of Directors
